REGULAR MEETING OF THE BOARD OF DIRECTORS OF
THE NORTH COUNTY FIRE PROTECTION DISTRICT
President Luevano called the meeting to order at 4:00 p.m.
THE INVOCATION GIVEN BY DEPUTY CHIEF MAROVICH.
ALL RECITED THE PLEDGE OF ALLEGIANCE.
ROLL CALL:
Present: Directors Harris, Hoffman, Luevano, Munson and Van Doorn.
Absent: None.
Staff Present: Fire Chief/CEO Abbott, Attorney James and Board Secretary Stephen-Porter. In the audience were: DFC Marovich, D/C Mahr, B/Cs Krumwiede, McReynolds, and Schoenheit, FM Koch and members of the public and Association.

PUBLIC ACTIVITIES AGENDA
1. **Public Comment:** President Luevano addressed the audience and inquired whether there were any public comments regarding items not on the Agenda. Audience Member George Maverick appeared to request the Board take a position on fire bunkers. He requested they either support or decline to support the installation of low cost private, commercial or community fire bunkers. He informed the Board he had called the Fire Marshal twice, leaving messages requesting a return call, but had not received one. He opined that California needs fire bunkers and asked the Board to take a position on it. The Board deferred their comments to Chief Abbott.

Chief Abbott provided background, noted he has been doing research on the issue; especially concerned with the recent fires around the state. He has identified a recently retired safety professional who is working in the private sector to develop these types of structures. However, the State has not adopted the fire bunker as its method of fire protection. Instead, the State has sponsored the “Ready, Set, Go” Program. Chief Abbott gave a brief description of the program. He noted that the fire bunker is in direct contradiction
to the Ready, Set, Go Program adopted by the State. Chief Abbott gave an example of where the fire bunker or “stay and defend” resulted in a great loss of life.

Chief Abbott also informed Mr. Maverick that as a small fire district, North County Fire Protection District is not able to properly research or design a fire bunker, or implement such a program, as it would at a minimum, require UL approval an involved process. Given all those factors, the District would not be in a position to make a statement or commitment regarding the fire bunker concept. Chief Abbott stated the place to put forward the idea would be at the State level. Chief Abbott offered to provide Mr. Maverick with contacts at that level, however, the District cannot take a position.

Mr. Maverick requested a copy of the minutes be sent to him when they are available. There being no further comments, the Public Comment Section was closed.

2. **Employee Badge Pinning — Chief Abbott:** Chief Abbott presented the following newly promoted employee: Tyler Ruiz, Engineer/PM. He was given an opportunity to introduce family and friends available for the event. At the conclusion of the introductions, he was pinned and congratulated by the Board.

3. **Awards for Explorers from Veterans of Foreign Wars — Chief Abbott:** Chief Abbott informed the Board the District had received awards for Explorers who had participated in the recent Veteran’s Day parade. He presented awards from the Veterans of Foreign Wars to the following individuals: Connor McReynolds, Shea Bendykowski, Morgan Donnelly, Brady Reynolds, Adam Webb, Mitch Vincent, Izaac Garcia, Andrei Smith, Adam Rodarte, Jordan Chavez, Lucy Goode, Andrew Mitchell, Trevor Ziets, Nolan Havens, Zach Jones. Their sponsor, FF/PM Rob Hager was present and thanked for his hard work and leadership of the troop. All were congratulated by the Board.

On a motion by Vice President Harris, seconded by Director Munson, the motion to approve the Consent Agenda as presented passed unanimously.

**ACTION ITEMS:**

12. **REVIEW AND APPROVE RESOLUTION 2019-03 AUTHORIZING PARTICIPATION IN A JOINT FACILITIES AGREEMENT WITH THE COUNTY OF SAN DIEGO FOR MEADOWOOD DEVELOPMENT — CHIEF ABBOTT**: Chief Abbott presented the Resolution 2019-03, which authorizes the Fire Chief to execute a Joint Facilities Agreement (JFCA) with San Diego County for fire protection services to the Meadowood Development. This was annexed into the District in 2013 and the negotiation for property tax has been underway for some time. The JFCA stipulates that
a portion of the taxes collected by the CFD will be dedicated for fire protection services and
will be transferred to the Fire District on a regular basis. The Rate and Method of
Apportionment specifies that the Fire District will receive $283 per single family home and
$195 per multi-family home (condo) annually as its share of the CFD taxes. These fees will
be adjusted 2% annually to reflect increased costs of doing business. It is expected that at
build-out, the District will realize approximately $202,500 per year to offset the costs of
servicing the new community. On a motion by Director Munson, seconded by Director
Hoffman, the motion to approve Resolution 2019-03 as presented and to authorize Chief
Abbott to execute the necessary documents passed unanimously.

13. **Review and Take Action on Results of SRI Survey — Chief Abbott:** Dr. Gary
Manross presented the results of the recent survey to the Board noting an improvement in
the willingness of the community to support a funding measure. That recommendation
rested on the following parameters: [1] no more than a $5.00 per month imposition; [2] a
sunset provision of no more than 20 years. He noted the community did not want a
consolidation; they wanted fire protection and emergency medical services to remain here
in the community. He recommended moving forward next year to place the item on the
ballot. In the meantime, he recommended not talking about a ballot or the District’s problems
for a month. After that, begin to discuss the measure and provide information to the public
on the District’s challenges and how the money will be used. Discussion ensued regarding
how well the public understand a bond issue and how much money the District will actually
realize. Board members were concerned that the amount we will ask for will not meet the
District’s actual needs. President Luevano made a motion to accept the report, defer Board
action for 1 to 2 months, have Staff come back to the Board with recommendations on
moving forward, including a plan for whether it should be a mail ballot or general election.
By that time, the Association will have received their training and have a better feel if they
wish to support a measure. The motion was seconded by Director Van Doorn and the motion
to approve the report as presented and direction to Staff as outlined passed unanimously.

14. **Transition to District Based Election System — Chief Abbott:** Chief Abbott
presented the Resolution 2019-01, an Embracement Resolution, to begin the process of
converting from “at-large” to “District-Based” elections. He provided the Board with background on the California Voting Rights Act (“CVRA”), which prohibits the use of at-large elections of board members for publicly elected governing bodies if it "impairs the ability of a protected class to elect candidates of its choice or its ability to influence the outcome of an election...." Chief Abbott outlined the process of moving toward District-Based elections, noting the public hearing, demography and mapping process. He opined transitioning to a District-based election system will allow the District to ensure it is complying with the legislative intent of the CVRA and minimize exposure to legal expenses. Discussion ensued regarding the costs associated with this process and how this might affect seated Board Members. On a motion by Vice President Harris, seconded by Director Munson, the motion to approve Resolution 2019-01 as presented passed unanimously.

15. **Review and Approve Contract for Medical Standbys Within District EOA and Approve Resolution 2019-02 — D/C Mahr and Chief Abbott:** D/C Mahr presented Resolution 2019-02 to the Board, noting this is a new contract with Mercy Medical for provision of BLS level services at the San Luis Rey Down Track & Training Center. Last year was the last permissible extension on the previous contract. He noted the agreement has been without issues and the District is not considering providing this service to the Center at this time. On a motion by Director Munson, seconded by Director Hoffman, the motion to approve Resolution 2019-02 and the contract passed unanimously.

16. **Review and Approve Emergency Response Time Standards — D/C Mahr and Chief Abbott:** D/C Mahr presented the emergency response times for the District to the Board, asking them to reconsider a realistic and attainable standard based on updated Urban, Suburban and Outlying population densities. The previous standards were developed in 2008. As a San Diego County EMS agency that provides Advanced Life Support (ALS) services under an Exclusive Operating Area (EOA) contract we are bound to a response time measurement that states we must respond to emergency incidents in < 10 minutes within the urban population zones and < 15 minutes within the Rural/Suburban population zones. It does not provide a measurement for Outlying areas. D/C Mahr proposed 9:00 or Urban, 13:00 for Suburban and 18:00 for Outlying. The recommended emergency response...
time standard utilizes an updated population density perimeter that is in accordance with the San Diego County General Plan, the USA Plan and is also more in line with what our 2008 Standard of Cover report suggested. On a motion by Director Munson, seconded by Director Hoffman, the motion to approve the revised response times as presented passed unanimously.

17. **REVIEW AND APPROVE PROPOSAL TO ENACT FRESH START UNFUNDED LIABILITY OVER TEN YEARS — DEPUTY CHIEF MAROVICH AND CHIEF ABBOTT:** Deputy Chief Marovich noted as a component of recent contract negotiations with each of the bargaining units, it was agreed to accelerate the pay down of the CalPERS Miscellaneous or "Non-Safety" retirement plan unfunded actuarial liabilities (UAL). This will reduce the amortization period from 30 to 10 years, resulting in approximately 1 million dollars interest savings. Chief Abbott has consulted with the affected labor groups and they are in agreement. It has already been accounted for in the Budget. On a motion by Director Munson, seconded by Vice President Harris, the motion to approve the CalPERS UAL Fresh Start documents passed unanimously.

Chief Abbott noted the Board and Staff would work together to develop a fiscally healthy plan, including methods of reducing costs and increasing revenue. He informed the Board during his community presentations, there had been questions of why FRHD is not doing more to help the District out financially since they allowed the hospital to be closed. He noted that the District Staff is currently working with them in the background, including the fact that three of the FRHD Board members had approached the District to inquire what they could do to assist us. He has requested that Deputy Chief Marovich and D/C Mahr work with FRHD to consider options. Chief Abbott informed the Board that FPUD is pursuing a community benefit district for the purpose of providing a recreational facility. He is hoping the District may benefit from this also. Chief Abbott noted that Station 6 has been renumbered to Station 3, since Station 3 has closed. Discussion ensued regarding what could be done to improve community survivability, in view of recent disastrous Camp Fire. He noted reverse 9-1-1 is in-place, Amber alerts for emergency are being announced through the County, weed abatement is dramatically improved in the District, CalFire has pre-positioned strike teams throughout the State and fire-resistant building materials and sprinklers, all aid in reducing the danger from fires locally.
